The Europeans are light-years ahead when it comes to quality manufacturing and this shows in these nappies. Environmental considerations go hand in hand with financial ones in these nappies and with this brand, you don't have to sacrifice one for the other. No chemical smell, quality features, good fit and absorbency. PLUS the added tea extract to help neutralize odour is a good idea (I've only seen it in the Moltex Eco so far. An excellent everyday budget nappy. Other Mums say... Michelle, from Pialba, says..."These nappies are truly fantastic. I was using Huggies or Snugglers before trying these and I have never looked back. I have used Aldi brand nappies for 2 years on 2 girls and not once have they leaked. I also had NO hesitation in trying their pull ups for my toddler and they are FANTASTIC. I moved interstate and the closest Aldi was over an hour away....TRUST me worth the trip for nappies! I also never had any problems with nappy rash with my kids and these nappies. I have recommended these to numerous people who also have never looked back! My childrens' daycare centre also commented on the quality of the nappies.
