* Potassium Sorbate (Natural Preservative)

* Polysorbate 20 (natural preservative and dispersant)

* Citric Acid Nappy Review says... We love the HUGE size of these wipes - about 5-10cm bigger than competitors. Very soft cloth, not too moist. Excellent value for money! About \$3 cheaper than their nearest competitor. Could do with a bit more moisture though. Refill pack comes with a handy resealable tab which is great - you don't have to buy the plastic storage box. All natural ingredients, no fragrance - better for bub and the environment.
